- Permanent fixation and increased pull out values thanks to the HECO-TOPIX-plus full thread
- Gapless joining of cladding
- Screw types in stainless steel for permanent fixations according to utility class 3
- Approved and monitored product (CE-marking)

The unique cladding screw with contraction effect

Small raised countersunk head

For visually appealing mounting points and reduction of trapped moisture

GripFit®

Single-handed working possible thanks to the HECO-Drive

MagicClose®

Patented full thread pulls timber fixtures together without gaps and without pretension

PerfectPitch®

Optimal thread pitch for every screw length

HECO-TOPIX tip

Eliminates the need for pre-drilling, reduces the risk of the wood splitting
