HECO-TOPIX®-plus Decking screws

Product information

- Secondary thread fixes the decking boards and avoids creaking
- Reduced splitting of timber due to the HECO-TOPIX tip with milling ribs
- Can be used in hardwood (predrilling recommended)
- Special coating for lower driving torques and an easy dismantling
- Stainless steel A2 and A4 for outdoor construction work

The professional decking screw with secondary thread

Small raised countersunk head

For an easy countersinking and visually appealing mounting points

Secondary thread

Fixes the decking boards

HECO-TOPIX tip

Eliminates the need for pre-drilling, reduces the risk of the wood splitting

GripFit®

Single-handed working possible thanks to the HECO-Drive

GripFit

PerfectPitch®

Optimal thread pitch for every screw length

PerfectPitch
